

Brilliant Coatings Painting Co.

Referral Program:

We work hard to build great relationships with our customers. Here's how our referral program works. You give us up to 3 names and addresses, or e-mail addresses of people you know, who may be interested in our services. We keep this info on file for 1 year. If someone you referred hires us within the 1 year period and they mention your name we will send you 10% of the total bill up to \$100.00.

Example: Your referral hires us to paint their front porch and living room, for 750.00 – you receive \$75.00. The check is sent to you on the day we receive final payment from the customer.

We do not call them, we do not sell or give their name to any other company. We only send them a “one time”, advertizing post card. Either through the mail or e-mail. It's basically up to them to contact us.

The Rules:

1. You must be an existing customer.
2. Your referral must mention you by name as a referral when they hire us. (I heard you painted Judy's house down the street) You can and should call us to verify that they contacted us.

You can call us and give the names and addresses over the phone or send them in an e-mail. Be sure to include your name and address.

How to contact us:
